Subject: Letter of Condolence

---

Dear Dr. Prof, Seiji Fukumoto

On behalf of the Korean Society of Osteoporosis, let us express our sincerest condolences on the recent passing of Prof. Sugimoto.

It was a profound sadness that we have noticed Prof. Sugimoto's passing. We pray that the many happy memories of Prof. Sugimoto's life with all of you will help you to overcome the sadness.

He did a lot in the academic society, but I particularly remember his dedication to exchange and cooperation between JSBMR and KSO.

Without Prof. Sugimoto, it would have been too difficult for the two academic organizations, Japan and Korea, to actively exchange and interact as we are now.

Please accept our heartfelt condolences and we hope that all of you get through this difficult time well. Once again, we commemorate the hard work of Prof. Sugimoto.

Warmest regards.

Young Jun Won M.D., Ph.D.   
President of the Korean Society of Osteoporosis

Yoon-Sok Chung M.D., Ph.D.   
Editor-in-Chief of the AFOS Journal (Osteoporosis and Sarcopenia)

Han Seok Choi M.D., Ph.D.   
Secretary general the Korean Society of Osteoporosis

Kwang Joon Kim M.D., Ph.D.  
Chairman of the International Cooperation the Korean Society of Osteoporosis
